

## Specification

**Product Name:** Vegan Meat Duck Flavour Drop

**Product Code:** SPEC0284

**Description:**

Food Flavouring Drops are premium quality water soluble intense flavours which provide an exceptionally efficient method of adding flavour. They are a highly concentrated, versatile, multi-use product for both food and liquid. They should be used sparingly; 1-2 ml is ample to flavour 1 litre of base liquid. Each 30ml bottle contains approximately 800 drops. Food Flavouring Drops disperse well in most foods and drinks. They are ideal for flavouring cakes, icings, fondants, ice cream, sorbets, cupcakes, pastry, salads, sauces, frostings, ganache, desserts, cocktails, drinks, cream, wine, beer, spirits, sweets and more. They can also be used to enhance the flavour of a dish, without changing the texture of the original product.

**Odour & Flavour:**

Characteristic. Conforms to standard.

**Ingredients:**

Natural flavouring substances, Flavouring preparations, Propylene Glycol (E1520).

**Dietary Information:**

Suitable for Vegans, Ovo-lacto Vegetarians & Vegetarians, Non-GMO, Gluten Free, Allergen Free, Non-Irradiated, No Added Sugar.

**Nutritional Information:**

Energy: 1673.6kj/400kcal (Based on 100g)

**Storage:**

Dark, dry and cool conditions, not in direct sunlight.

**Packaging:**

|         |               |
|---------|---------------|
| 30ml    | 5056191019418 |
| 500ml   | 5056191019517 |
| 1 Litre | 5056191019425 |
| 5 Litre | 5056191019432 |

**Country of Origin:**

United Kingdom.

**Shelf Life:**

24 months if stored as above and unopened.

**Density (g/ml) at 20°C:**

1.040 – 1.060

[www.specialingredients.co.uk](http://www.specialingredients.co.uk)

Tel: 01246 906247 | Foxwood Industrial Park, Chesterfield, S41 9RN, United Kingdom  
Registered UK Company No: 08758412 | UK VAT No: GB175274393

**Refractive Index at 20°C:**

1.420 – 1.440

**Flashpoint °C (closed cup):**

&gt;100

**Labelling according to Regulation (EC) No. 1334/2008:**

Flavouring

**Hazards:**

Non-hazardous.

## Allergen Declaration

| Allergen                                                                                                    | Contains (Y/N) |
|-------------------------------------------------------------------------------------------------------------|----------------|
| Cereals containing Gluten                                                                                   | N              |
| Crustaceans                                                                                                 | N              |
| Eggs                                                                                                        | N              |
| Fish                                                                                                        | N              |
| Peanuts                                                                                                     | N              |
| Soybeans                                                                                                    | N              |
| Milk                                                                                                        | N              |
| Nuts                                                                                                        | N              |
| Celery                                                                                                      | N              |
| Mustard                                                                                                     | N              |
| Sesame Seeds                                                                                                | N              |

| Lupin                                                                                                       | N              |
| Molluscs                                                                                                    | N              |

## Material Safety Data Sheet

**1: Identification of the substance/mixture and of the company/undertaking:****1.1 – Product identifier**

Product form: Mixture,

Product name: Vegan Meat Duck Flavour Drop.

**1.2 – Relevant identified uses of the substance or mixture and uses advised against:****1.2.1: Relevant identified uses:** use of the substance/mixture: Food and/or beverage flavouring.**1.2.2: Uses advised against:** Restrictions on use: Not for direct consumption.**1.3 – Details of the supplier of the safety data sheet:**

Company: Special Ingredients Ltd, 4 Foxwood View, Chesterfield, S41 9RN. Tel: 0044 (0)1246 906247

**1.4 - Emergency Telephone Contact:** 07387 330318. <https://specialingredients.co.uk/pages/contact>[www.specialingredients.co.uk](https://specialingredients.co.uk)Tel: 01246 906247 | Foxwood Industrial Park, Chesterfield, S41 9RN, United Kingdom  
Registered UK Company No: 08758412 | UK VAT No: GB175274393

**2: Hazards Identification:****2.1 – Classification of the substance or mixture:**

Classification according to Regulation (EC) No. 1272/2008 (CLP): Not classified

Adverse physicochemical, human health and environmental effects: To our knowledge, this product does not present any particular risk, provided it is handled in accordance with good occupational hygiene and safety practice.

**2.2 – Label elements:**

Labelling according to Regulation (EC) no. 1272/2008 [CLP]: No labelling applicable

**2.3 – Other hazards:**

Contains no PBT/vPvB substances  $\geq 0.1\%$  assessed in accordance with REACH Annex XIII

**3: Composition/Information on Ingredients:****3.1 – Substances:**

Not applicable.

**3.2 – Mixtures:**

| Name                                                                      | Product identifier                    | %         | Classification according to Regulation (EC) No. 1272/2008 [CLP] |
|---------------------------------------------------------------------------|---------------------------------------|-----------|-----------------------------------------------------------------|
| Propylene glycol substance with national workplace exposure limit(s) (GB) | CAS-No.: 57-55-6<br>EC-No.: 200-338-0 | $\geq 80$ | Not classified                                                  |

**4: First Aid Measures:****4.1 – Description of First Aid Measures:**

First-aid measures after inhalation: Remove person to fresh air and keep comfortable for breathing.

First-aid measures after skin contact: Wash skin with plenty of water.

First-aid measures after eye contact: Rinse eyes with water as a precaution.

First-aid measures after ingestion: Call a poison center or a doctor if you feel unwell.

**4.2 – Most important symptoms and effect, both acute and delayed:**

No additional information available

**4.3 – Indication of any immediate medical attention and special treatment needed:**

Treat Symptomatically.

**5: Firefighting Measures:****5.1 - Extinguishing media:**

Suitable extinguishing media: Water spray. Dry powder. Foam. Carbon dioxide.

**5.2 – Special hazards arising from the substance or mixture:**

Hazardous decomposition products in case of fire: Toxic fumes may be released.

**5.3 – Advice for firefighters:**

Protection during firefighting: Do not attempt to take action without suitable protective equipment. Self-contained breathing apparatus. Complete protective clothing.

**6: Accidental Release Measures:****6.1 – Personal precautions, protective equipment and emergency procedures:****6.1.1 – For non-emergency personnel:**

Emergency procedures: Ventilate spillage area.

**6.1.2 – For emergency responders:**

Protective equipment: Do not attempt to take action without suitable protective equipment. For further information refer to section 8. "Exposure controls/ personal protection."

**6.2 – Environmental Precautions:**

Avoid release to the environment.

**6.3 – Methods and material for containment and cleaning up:**

Methods for cleaning up : Take up liquid spill into absorbent material.

Other information: Dispose of materials or solid residues at an authorized site.

**6.4 – Reference to other sections:**

For further information refer to section 13.

**7: Handling and Storage:****7.1 – Precautions for safe handling:**

Precautions for safe handling: Ensure good ventilation of the work station. Wear personal protective equipment.

Hygiene measures: Do not eat, drink or smoke when using this product. Always wash hands after handling the product.

**7.2 – Conditions for safe storage, including any incompatibilities:**

Storage conditions: Store in cool, dry conditions in the original unopened containers, between 5-20°C. Reseal container tightly once opened. Store in a well-ventilated place. Keep cool.

**7.3 – Specific end use(s):**

No additional information available

**8: Exposure Controls/ Personal Protection:****8.1 – Control parameters:****8.1.1 National occupational exposure and biological limit values**

|                                               |                  |
|-----------------------------------------------|------------------|

### 8.2.2.3 Respiratory protection

In case of insufficient ventilation, wear suitable respiratory equipment

| Respiratory Protection                  |                                                                                       |                                                                                      |          |
|-----------------------------------------|---------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|----------|
| Device                                  | Filter type                                                                           | Condition                                                                            | Standard |
| Powered Air-purifying Respirator (PAPR) | Filter AX (brown), Filter P (white), Type A – High Boiling (>65 °C) organic compounds | Protection for liquid particles, Protection for solid particles, Short term exposure | EN 12941 |

### 8.2.2.4 Thermal hazards

No additional information available

### 8.2.2.3 Environmental exposure controls:

Environmental exposure controls: Avoid release to the environment.

## 9: Physical and Chemical Properties:

### 9.1 – Information on basic physical and chemical properties:

Physical state: Liquid

Appearance: Mobile liquid.

Colour: Almost Colourless.

Odour: Characteristic. Conforms to Standard.

Odour threshold: No data available

pH: No data available

Relative evaporation rate (butylacetate=1): No data available

Melting point: Not applicable

Freezing point: No data available

Boiling point: No data available

Flash point: 100 °C

Auto-ignition temperature: No data available

Decomposition temperature: No data available

Flammability (solid, gas): Not applicable

Vapour pressure: No data available

Relative vapour density at 20°C: No data available

Relative density: No data available

Density: 1.09 – 1.11 g/ml

Solubility: Soluble in water. Soluble in ethanol.

Partition coefficient n-octanol/water (Log Pow): No data available

Viscosity, kinematic: No data available

Viscosity, dynamic: No data available

Explosive properties: No data available

Oxidising properties: No data available

Explosive limits: No data available

### 9.2 – Other information:

Refractive index : 1.42 – 1.44

Other properties : 100% Passes through 560 micron filter.

**10: Stability and Reactivity:****10.1 – Reactivity:**

The product is non-reactive under normal conditions of use, storage and transport.

**10.2 – Chemical Stability:**

Stable under normal conditions.

**10.3 - Possibility of hazardous reactions:**

No dangerous reactions known under normal conditions of use.

**10.4 – Conditions to avoid:**

None under recommended storage and handling conditions (see section 7).

**10.5 – Incompatible materials:**

No additional information available.

**10.6 – Hazardous decomposition products:**

Under normal conditions of storage and use, hazardous decomposition products should not be produced.

**11: Toxicological Information:****11.1 – Information on hazard classes as defined in Regulation (EC) No 1272/2008:**

Acute toxicity (oral): Not classified

Acute toxicity (dermal): Not classified

Acute toxicity (inhalation): Not classified

| Propylene glycol (57-55-6) |                                                                                           |
|----------------------------|-------------------------------------------------------------------------------------------|
| LD50 oral rat              | 22000 mg/kg (Rat, Male / female, Experimental value, Oral)                                |
| LD50 dermal rabbit         | > 2000 mg/kg bodyweight (24 h, Rabbit, Experimental value, Dermal, 14 day(s))             |
| LC50 Inhalation - Rat      | > 44.9 mg/l (4 h, Rat, Male / female, Experimental value, Inhalation (aerosol), 7 day(s)) |
| ATE CLP (oral)             | 22000 mg/kg bodyweight                                                                    |

Skin corrosion/irritation: Not classified

| Propylene glycol (57-55-6) |                  |
|----------------------------|------------------|
| pH                         | 6.5 – 7.5 (50 %) |

Serious eye damage/irritation: Not classified

| Propylene glycol (57-55-6) |                  |
|----------------------------|------------------|
| pH                         | 6.5 – 7.5 (50 %) |

Respiratory or skin sensitisation: Not classified

Germ cell mutagenicity: Not classified  
 Carcinogenicity: Not classified  
 Reproductive toxicity: Not classified  
 STOT-single exposure: Not classified  
 STOT-repeated exposure: Not classified  
 Aspiration hazard: Not classified

| Propylene glycol (57-55-6) |                           |
|----------------------------|---------------------------|
| Viscosity, kinematic       | 41.426 mm <sup>2</sup> /s |

Other information: Special Ingredients Ltd do not test on animals, this is historical information.

## 12: Ecological Information:

### 12.1 – Toxicity:

Ecology – General: The product is not considered harmful to aquatic organisms nor to cause long-term adverse effects in the environment.

Hazardous to the aquatic environment, short-term (acute): Not classified

Hazardous to the aquatic environment, Long-term (Chronic): Not classified

| Propylene glycol (57-55-6) |                                                                                                                                                 |
|----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| LC50 - Fish [1]            | 40613 mg/l (96 h, Oncorhynchus mykiss, Static system, Fresh water, Experimental value)                                                          |
| ErC50 algae                | 24200 mg/l (OECD 201: Alga, Growth Inhibition Test, 72 h, Pseudokirchneriella subcapitata, Static system, Fresh water, Experimental value, GLP) |

### 12.2 – Persistence and Degradability:

| Propylene glycol (57-55-6)      |                                                            |
|---------------------------------|------------------------------------------------------------|
| Persistence and degradability   | Biodegradable in the soil. Readily biodegradable in water. |
| Biochemical oxygen demand (BOD) | 0.96 – 1.08 g O /g substance                               |
| Chemical oxygen demand (COD)    | 1.63 g O /g substance                                      |
| ThOD                            | 1.69 g O /g substance                                      |

### 12.3 - Bioaccumulative Potential:

| Propylene glycol (57-55-6)                      |                                                                           |
|-------------------------------------------------|---------------------------------------------------------------------------|
| Partition coefficient n-octanol/water (Log Pow) | -1.07 (Experimental value, EU Method A.8: Partition Coefficient, 20.5 °C) |
| Bioaccumulative potential                       | Not bioaccumulative.                                                      |

### 12.4 - Mobility in soil:

| Propylene glycol (57-55-6) |                                                               |
|----------------------------|---------------------------------------------------------------|
| Surface tension            | 71.6 mN/m (21.5 °C, 1.01 g/l, EU Method A.5: Surface tension) |

|                                                            |                                  |
|------------------------------------------------------------|----------------------------------|
| Organic Carbon Normalized Adsorption Coefficient (Log Koc) | 0.46 (log Koc, Calculated value) |
| Ecology – soil                                             | Highly mobile in soil            |

**12.5 - Results of PBT and vPvB assessment:**

| Component                  |                                                                                                                                                                                            |
|----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Propylene glycol (57-55-6) | <p>This substance/mixture does not meet the PBT criteria of REACH regulation, annex XIII</p> <p>This substance/mixture does not meet the vPvB criteria of REACH regulation, annex XIII</p> |

**12.6 – Other adverse effects:**

No additional information available.

**13: Disposal Considerations:****13.1 – Waste treatment methods:**

Waste treatment methods: Dispose of contents/container in accordance with licensed collector's sorting instructions.

**14: Transport Information:**

In accordance with ADR/IMDG/IATA/ADN/RID.

**14.1 UN number**

UN-NO. (ADR): Not applicable  
 UN-NO. (IMDG): Not applicable  
 UN-NO. (IATA): Not applicable  
 UN-NO. (ADN): Not applicable  
 UN-NO. (RID): Not applicable

**14.2 UN proper shipping name**

Proper Shipping Name (ADR): Not applicable  
 Proper Shipping Name (IMDG): Not applicable  
 Proper Shipping Name (IATA): Not applicable  
 Proper Shipping Name (ADN): Not applicable  
 Proper Shipping Name (RID): Not applicable

**14.3 Transport hazard classes****ADR**

Transport hazard class(es) (ADR): Not applicable

**IMDG**

Transport hazard class(es) (IMDG): Not applicable

**IATA**

Transport hazard class(es) (IATA): Not applicable

**ADN**

Transport hazard class(es) (ADN): Not applicable

**RID**

Transport hazard class(es) (RID): Not applicable

**14.4 Packing group**

Packing group (ADR): Not applicable

Packing group (IMDG): Not applicable

Packing group (IATA): Not applicable

Packing group (ADN): Not applicable

Packing group (RID): Not applicable

**14.5 Environmental hazards**

Dangerous for the environment: No

Marine pollutant: No

Other information: No supplementary information available

**14.6 – Special precautions for user:**

Overland transport: Not applicable

Transport by sea: Not applicable

Air transport: Not applicable

Inland waterway transport: Not applicable

Rail transport: Not applicable

**14.7 – Transport in bulk according to IMO instructions**

Not applicable.

**15: Regulatory Information:****15.1 – Safety, health and environmental regulations/legislation specific for the substance or mixture:****15.1.1 – EU regulations:**

REACH Annex XVII (Restriction List): Contains no substance(s) listed on REACH Annex XVII (Restriction Conditions)

REACH Annex XIV (Authorisation List): Contains no substance(s) listed on REACH Annex XIV (Authorisation List)

REACH Candidate List (SVHC): Contains no substance(s) listed on the REACH Candidate List: PIC Regulation (Prior Informed Consent): Contains no substance(s) listed on the PIC list (Regulation EU 649/2012 concerning the export and import of hazardous chemicals)

POP Regulation (Persistent Organic Pollutants): Contains no substance(s) listed on the POP list (Regulation EU 2019/1021 on persistent organic pollutants)

Ozone Regulation (1005/2009): Contains no substance(s) listed on the Ozone Depletion list (Regulation EU 1005/2009 on substances that deplete the ozone layer)

Explosives Precursors Regulation (2019/1148): Contains no substance(s) listed on the Explosives Precursors list (Regulation EU 2019/1148 on the marketing and use of explosives precursors)

Drug Precursors Regulation (273/2004): Contains no substance(s) listed on the Drug Precursors list (Regulation EC 273/2004 on the manufacture and the placing on market of certain substances used in the illicit manufacture of narcotic drugs and psychotropic substances)

**15.1.2 – National Regulations:**

No additional information

**15.2 – Chemical safety assessment:**

No chemical safety assessment has been carried out.

**16: Other Information:**
